

Rules and Regulations

- It is highly recommended to participate using a tablet / laptop / PC for the webhunt for cracking the questions faster and smoother experience.
- You should sign up using a username and college email address. Then, wait for 2-3 seconds you will receive an alert that you received credentials for your account and activation link.
- You must verify your account and then can access the login page using the credentials only after the webhunt starts.
- The webhunt consists of 16 levels and a total score of 1000 points. If many participants are on same level then ranking will be based on the time taken to solve the previous questions.
- **Check your discord concurrently for obtaining clues but be patient for clues and try on your own if you can to finish faster. The discord link is [GPUG Discord](#). Also, keep an eye out for leaderboard to see your position in the webhunt.**
- Every question has two buttons to submit answer to current question and to finish the webhunt. So, don't finish the exam unless you want to end the webhunt as you cannot participate again after finishing.
- Happy Hunting
